Case No. ~~96-38~~

PETER A. FORRESTER, Pharm.D.)

Kansas License Applicant)

FINAL AGENCY ORDER

On June 12, 2006, a hearing was held before the Kansas Board of Pharmacy (the "Board") on the application of Peter A. Forrester ("Forrester") for a Kansas pharmacist license. After considering the evidence admitted at the hearing, the Board enters the following order.

I. FINDINGS OF FACT

1. On March 26, 2006, Forrester submitted to the Board a cover letter and application for a Kansas pharmacist license. The Board received the cover letter and application on May 28, 2006.

2. Enclosed with Forrester's March 26, 2006 cover letter and application for a Kansas pharmacist license was information relating to his prior license revocation in the State of California.

3. On May 26, 1994, the California State Board of Pharmacy entered a Default Decision against Forrester, whereby his California Pharmacy Licentiate No. RPH 24512 was revoked. Pursuant to the Default Decision, Forrester's California pharmacy, Alex Pharmacy, Pharmacy Permit No. PHY 34188, also had its pharmacy permit revoked.

4. After a hearing held on September 12, 2006, the Board issued a final Agency Order denying Forrester's application.

5. On May 11, 2007 the Board received a letter from Forrester requesting that the Board reconsider its denial of his application.

6. Pursuant to a Notice of Hearing, Forrester appeared on June 12, 2007 at the Board's meeting. Forrester advised the Board that he had not made restitution for his California transgressions and had not formally requested that the California Board reinstate his California license.

II. CONCLUSIONS OF LAW AND FACT

4. Forrester has had his license revoked by the proper licensing authority in the State of California. As a result, his application for a Kansas pharmacist license may be denied pursuant to K.S.A. 65-1631.

III. FINAL ORDER

Based upon the evidence introduced at the hearings held on September 12, 2006 and on June 12, 2007, and the foregoing findings and conclusions, Forrester's application is hereby denied.
